

# Wiper Tips

# Mesa

## Secondary Seal Tips

Mesa's Wiper Tips are used for aboveground storage Tank (AST) steel compression plate secondary seals. Standard elastomeric compounds include Nitrile/Vinyl, Neoprene, EPDM, Urethane and Viton materials.

### Benefits

- Effectively resists abrasion, hydrocarbons, ozone, water and temperature.
- Fast and easy installation on manufacturer's metallic compression plate seal.
- Excellent hydrolytic stability and ultraviolet resistance for long service lives.

1. Single Blade Wiper, 5 in, Vertical Mounting
2. Tri-Blade Wiper for Riveted Tanks, 4 in, Vertical Mounting
3. Small Double Blade Wiper, 1 1/2 in, Vertical Mounting
4. Double Blade Wiper, 4 in, Vertical Mounting
5. Multi-Blade Wiper for Riveted Tanks, Horizontal Mounting
6. MesaWedge for IFRTs, Horizontal Mounting
